

[Lv 200] Dragons Den

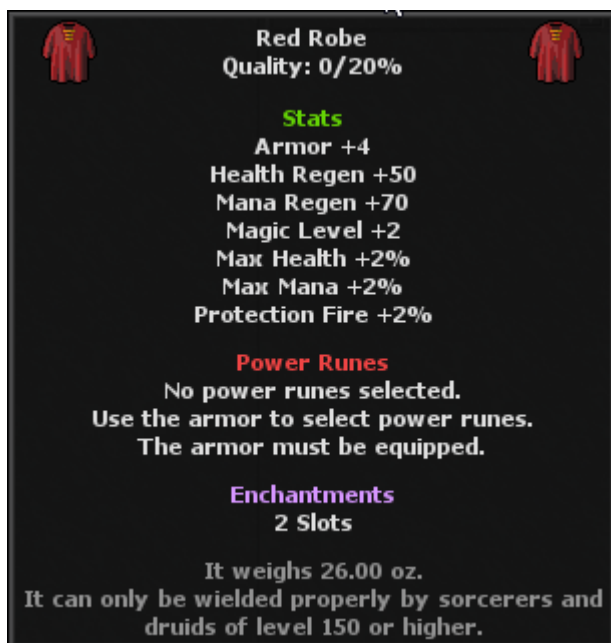

Dragons Den Quest

The Dragons Den quest is a puzzle based quest requiring you to match certain items in a specific order to be able to get to the reward room.

Level Required: 200

Rewards

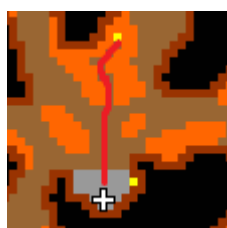

Experience + Daily Chest + Armor[?]

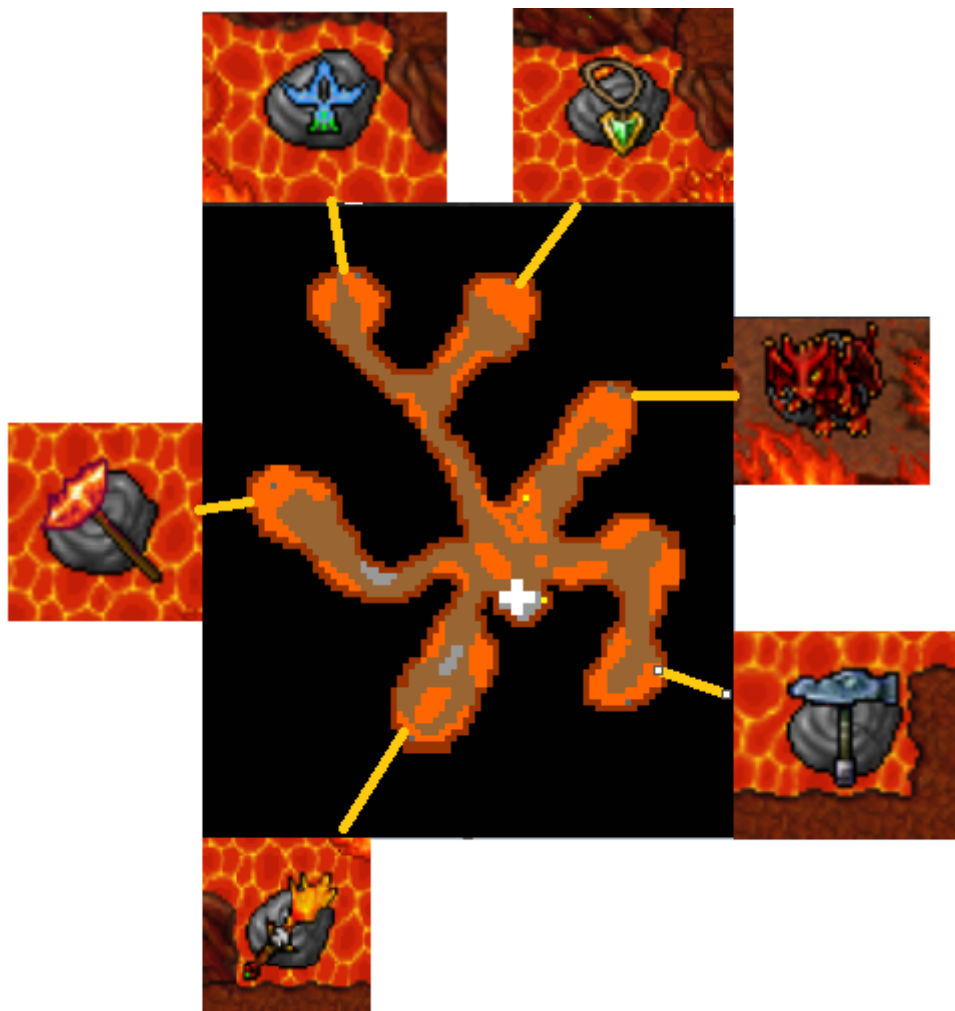

You enter the quest area from the portal room here:

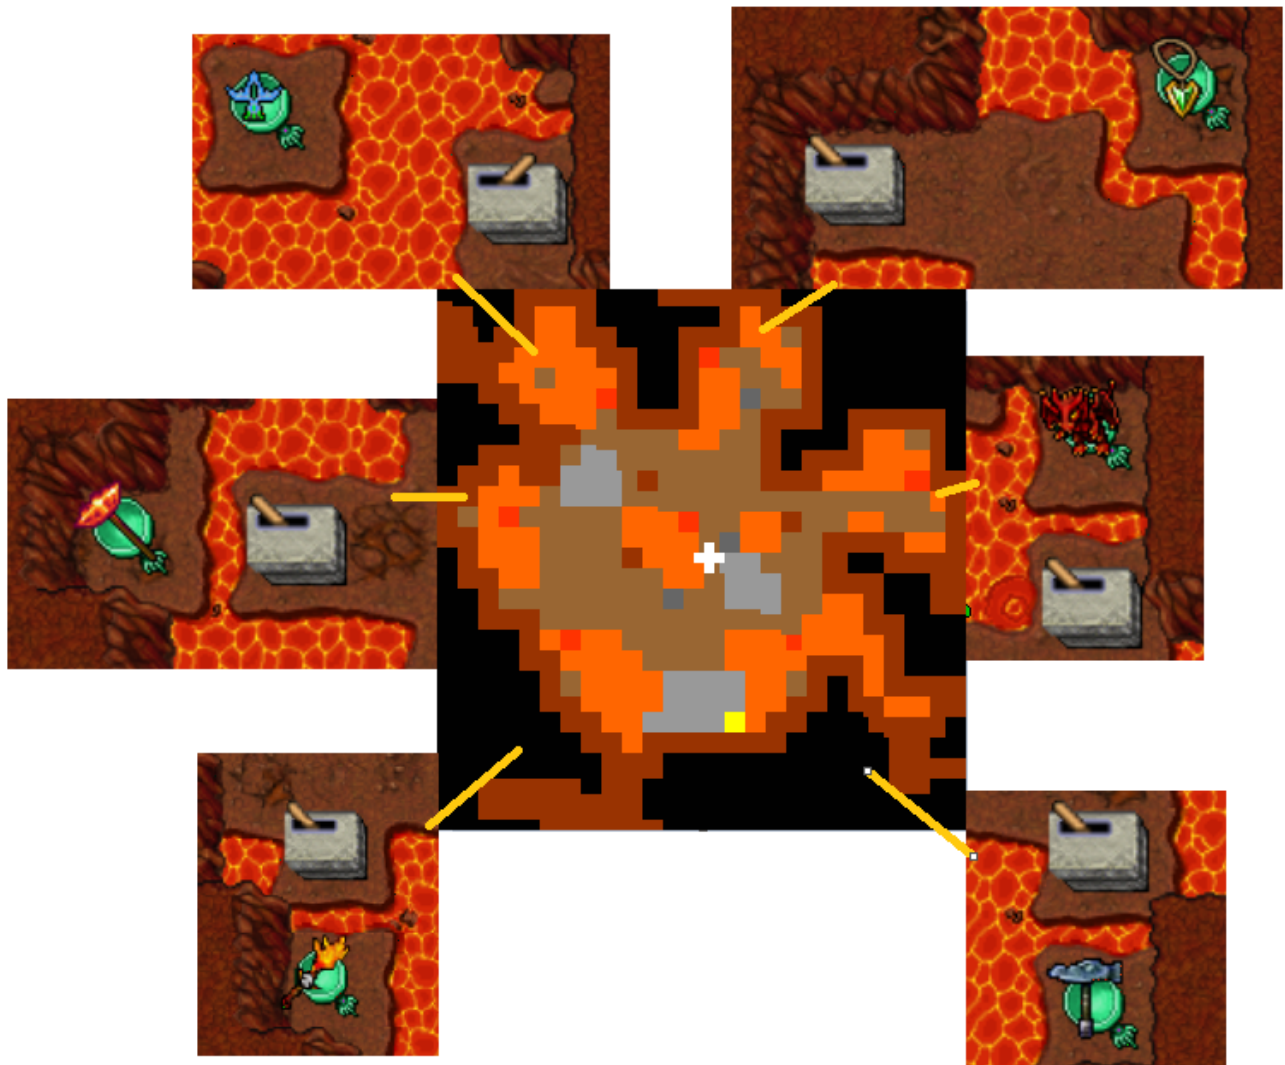

Because you are looking at the wikipedia, we are skipping the exploration part and once inside the room, we move north into the teleport. But if you do care about exploration, look below how the cave looks with respective items.

Once the cave is fully explored, we can proceed to teleport room. Select items on coal basins as shown on the picture using the lever.

Afterwards, move yourself in the middle of the cave and press the lever.

You will be transported to the reward room!
