

[Lv 900] Demon Oak

Demon Oak quest is similar to Tibia quest in Plains of Havoc.

Level required: 900

Other requirements: Hallowed axe [from [Graveyard of Heroes](#) quest]

Rewards

Choose between **Demon Legs**, **Rainbow shield**, **Spellbook of ancient arcana**. You can only choose **ONE** reward.

Daily chest.

You enter the quest from from portal room here:

Getting to the Tree!

We have to navigate around the volcano to the top and then down underneath to be able to proceed with the quest by killing monsters around Oak!

You levitate up at the end, then back down behind the bushes! You will face **White Warriors** and **Warlords** here! Move couple squares north and you will levitate up, as shown in following figure.

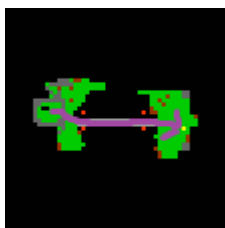

And you should be up here!

Levitate up 2 more times and you should appear in small room with seemingly no exit.

Levitate up one more time facing east on position shown above. Now follow the route in next figures.

Pass this bridge! You will face **Nightmares** and **Nightmare scions**.

A screenshot from a game showing a character being attacked by a fire devil. The character is on a rocky, brownish ground with some green bushes. A fire devil, a small red devil-like creature, is attacking the character, and a large orange flame is visible. A red number '60' is displayed above the character, indicating the damage. The background is a grey, rocky cliff. The text at the bottom of the screen reads: "You lose 60 hitpoints due to a fire attack by a fire devil."

Enter the door (You need to have **Graveyard of Heroes** quest completed!)

Completing The Demon Oak

You have to use **Hallowed axe** on **4 parts** of Demon Oak until you see a *puff* instead of *click* on that particular part. Each use will summon monsters.

You will face following monsters:

When you clear everything, **make sure** all 4 parts are *puffing* and not summoning any more monsters.

Once you are confident you cleared everything, head back south and enter the portal - you will **lose** the **hallowed axe** in process.

Claiming the reward

You will have to head back up, almost to the top with Fire Devils, Dragon Lords and Pyro Imps.

Here! And levitate down couple times until you reach a graveyard. Then **use** the grave as shown on following figure.

You will be teleported to the reward room and you can choose **ONE** reward + daily chest.

Congratulations!
